Miss Manning
Deputy Clerk
U.S. District Court
Buffalo, New York

Dear Miss Manning:

Enclosed please find a copy of an Assignment of §738.00 from the defendant MICHAEL FARELLA to me. These funds were confiscated from the defendant when he was arrested on November 26, 1968.

Judge Henderson instructed me to take an assignment of these funds from the defendant as a partial payment of my fee. He said that he was taking this unusual step due to the anticipated length and complexity of the defense which he had appointed me to undertake. These monies were to be credited against any later payment for my services from the Federal Court. I received them on February 27, 1969.

Thank you for your assistance in this matter.

Very truly yours,

Edward C. Cosgrove
